

# **Let Your Next Big Event Be Unforgettable!!!**

Our goal for your large group is to experience first class attention from beginning to end. Whether it is a corporate event, a wedding party or a large family get together, we have many tours to choose from to create the memories of a lifetime. We have included a lot of details on this page for you to look over to help answer most of your questions. We can even pick your group up at your Estes Park hotel.

## **Park Tours**

These are our mild tours that travel through Rocky Mountain National Park with spectacular views, breathtaking snowcapped mountains and wildlife viewings along the way. These tours include a walk to a waterfall, a stroll around a beautiful lake, and so much more. We have two custom trucks with clear convertible tops with 9 foot tall gull wing doors with all forward facing seats. They have heaters and blankets on board, and coming in the summer of 2020 we will have TV screens with photos and videos to help make the tour even more immersive!

## **Capacity for Park Tours**

Two of our custom trucks are made specifically for the National Park and all of Mother Nature's ever changing weather conditions. One truck holds 13 people and the other carries 14 people (total of 27 guests). We have up to 10 other off-road trucks that can be used in the park as well but only 1 of those that holds 7 people have fully enclosed options. The off-road trucks are better suited for the sunset tour route since we stay in the lower portion of the National Park so it will be warmer. The Top of the World Tour does go over 12,000 feet in elevation and it can range from mild to extremely cold temperature with potential high winds. So in total with all our Park Tour Trucks and our Off-Road trucks we could have 104 people at one time (only recommended for Sunset Route). Very Large groups take more time to reserve all the resources necessary so please plan accordingly.

## **Off-Road Tours**

It's hard to put into words how much thought goes into the safety, design and engineering of our off road creations. Saying it's a custom truck only scratches the surface on what our team of designers and engineers create here at WildSide4X4 Tours. Our safari equipped trucks are outfitted with aggressive tires, tough axles and great suspension systems. We are die hard off roaders from early childhood and we insist on driving giant fun toys that are awesome. Our off road tours can go slow or fast depending on the group and your specific needs. On this adventure we take you through a very special permitted part of the National Forest for some rugged off-road thrills, interpretive nature stops, and great music to boot. If you want a little more speed, adventure and Wahoo's in a tricked out 4X4 then this is it, this is the choice! Your professional guide will be guiding the vehicle up steep climbs, driving up a boulder field, and floating you

out of your seat on the water bars (dirt speed bumps). The highlight destination, in our opinion, is our private viewing tower with 360 degree views where you can see over 100 miles on a clear day. We have gone up hundreds of times and the beauty and awe of the place still hits us every time we visit. It even has a newley refurbished inner wine tasting room.

All that is good and well, but what is the most pressing question that comes up? Are there facilities out in the wilds? Yes there are! At the pavilion we have our own private restroom stop.

Our pavilion is a great place to host corporate or large group events looking for a genuine rustic mountain adventure experience. See below for our catering options only available for large groups. This is a unique and memorable adventure that everyone will be talking about for years to come. The pavilion can host groups of up to 100 people so let us know how we can help make your event amazing (kids under 4 years old are not eligible to go on any of our off-road tours).

Additionally those with bad necks, bad backs, bad attitudes or pregnant women are not recommended to go on this type of tour. Bring your camera and buckle up. We aren't going to scare you but it will likely be the most educating thrill ride you will ever go on!

## **Capacity for Off-Road Tours:**

We have trucks that can hold 7 people, trucks that can hold 10 people, trucks that hold 13 people and 1 new truck that can hold 14 people. We always keep some trucks in reserve for when a vehicle needs to be serviced. So we offer 86 seats total at one time for the off-road division. Most of our trucks have soft tops. We provide Frogg Toggs (Wet weather gear) for everyone on board.

## **Pavillon and Tower**

Our private pavilion (only available on the off-road trail at the top of the Panoramic Peak Mountain) is a three sided wooden structure with a large fire pit situated on the top of Panorama Peak in Roosevelt National Forest. The longer open side facing south

east looks down on the beautiful mountains and city lights of Down Town Denver and the front range of Colorado. (See Pictures) The Viewing Tower, a short distance from the Pavilion is three stories high with the inner room newly remodeled as a wine tasting room that has full size windows on three sides with a tasting table and wine decor. To top it off venture to the roof where it is open air with a railed rooftop and some seating available for those that need it. The views will take your breath away with its 360 degree views of not only the entire mountain range and Estes Park but the entire Front Range of Colorado, and on a clear day 4 states. Coming this summer, under the tower is a nice seating area with a gas fire pit for those that want to keep their feet on the ground.

## **Catering and Food Options**

We offer catering and can often accommodate special requests such as live music on many of our evening tours/events. We have a variety of options from a simple hot dog weenie roast, sandwich box lunches, or Smokin' Daves BBQ. Our goal for the BBQ which is our premier event is to create a full feast your entire group can enjoy.

We have had events where the people have their own chefs and decorations, and we provided the location and transportation for the set up crew, along with the tour on the day of the event for the guests. You can talk with our staff at any time for custom experiences you would like to create. We have had many successful large group events at our pavilion and would love to show your group what we are made of!

## **Catering Options**

### **Hot Dog Weenie Roast**

Our hot dog weenie roast is also called the Not So Mellow Marshmallow. We have this tour available for groups of any size. This includes Hot Dogs, Chips, S'mores, Snacks, Water, Pop, and for adults they are welcome to bring adult beverages like Beer or Margaritas (must be over 21 to drink alcohol). If you want to make this a private event please call our office.

## Sandwiches Boxes

This catered option is only available for groups of 11 or more people. With this food option everyone can choose their favorite sandwich such as the “Turkey Gobbler Sandwich on Ciabatta Bread” (We will ask for a name and sandwich choice for each person after we send you the full menu). Each sandwich is served with chips, small salad, pickle, fruit, Pop and water. You may add this option to any park tour or off-road tour other than the not so mellow marshmallow tour. The prices listed below are the food prices that will be added to the tour price to pay for the food, drinks, and set up fees. The site is set up with table cloths and decorations. For tours in the National Park there is an addition \$150 set up fee.

## Smokin’ Daves BBQ Feast

This premier event is one of the favorites for special events. We cater Smokin’ Dave’s BBQ feast up the mountain to our Private Pavilion in hot boxes. We set up the tables with table cloths and place decorations on the tables. The room is filled with all the amazing food, drinks and dessert ahead of time before your group even arrives. The fire will be roaring as you drive up to a

beautifully decorated and lit up event. The BBQ will be served buffet Style which includes; Beef Brisket, Pulled Pork, Buns, Baked Beans, Coleslaw, Cornbread muffins, dessert, s’mores, fruit, pop, water, hot cocoa, and of course feel free to bring your own Beer and Margaritas if you choose. You may customize the meal if needed such as adding chicken, but it may be at an additional cost depending upon the request. For tours in the National Park instead of off-road there is an addition \$150 set up fee.
